Resume:

Chen. Yihe, Shanghai

上海市浦东新区张江镇华夏中路 393 号

Phone: (86)China 18800208672

Professional Objective

To obtain teaching or researching position in the area of electrochemistry in an upper tier university/institution, or related applied jobs.

Education

2020-present

Shanghai Advanced Research Institution, CAS
ShanghaiTech University
Doctor's of electrocatalysis

Individualized doctor's program in electrocatalysis.

Key courses: inorganic chemistry, electrochemistry principle, solid chemistry, etc.

Skill: Research&development of catalytic for new energy battery.

Minister of the graduate student union, Secretary of the branch of the Communist Youth League, Piano solo&Music technical director in several compaigns, The total GPA3.58, Professional GPA3.63.

2016-2020

Zhengzhou University
Bachelor's of Chemical Engineering

Key courses: chemical principle, physical chemistry, organic chemistry, etc.

Associate director of Musician Union, President; Student Union Officer; Vice director of marketing department of school entrepreneurship office; Led the team to independently complete university level scientific research projects (photocatalysis series projects) and chemical design competition projects;

Participated in mathematical modeling national competition, American competition and other competitions, and won provincial or above awards;
The main founder of Zhengzhou University Feiyang Symphony Orchestra.

Special Skills

Electrocatalysis	Pianist
Chemical simulation	Methodological Design
Mathematical Modeling	Data analysis skills

Work Experience

Sep 2020-present

Scientific Researchers

ShanghaiTech University & Shanghai Advanced Research Institution, CAS
Cultured the ability of electrocatalytic design and methodological innovation.
Worked on the project of electrocatalysis.

Sep 2020-present

Part-time teacher

Working independently as a chemistry teacher in high school for graduate students.
Piano teacher in music education institutions.
Developed a unique way of piano educating.
Further improved the ability of communication in educational occupations.
Formed my own teaching style.
